

## Grants, Contributions, and Philanthropic Revenue for FY21 In DC Charters

The values shown below are in dollars for FY21.

The first number below is the line item reported as “income from philanthropy” on spreadsheets provided to me by PCSB as source files for the column of exhibit 9 of the FY21 financial analysis report titled “total grants and other contributions.”

The second number is from exhibit 9 of the [FY21 financial analysis report](#), showing “total grants and contributions” for that year.

I have marked with asterisks (\*\*) schools whose philanthropic revenue constituted the vast majority of their grants and contributions that year, per those documents.

Academy of Hope: 758159; 1075000

Achievement prep: 2298; 10000
