## Boundary and Student Assignment Study 2023 - School Meetings

The DME is meeting with school communities that may be significantly affected by a boundary and feeder pattern revision scenario. These will be determined as the scenarios are developed and information becomes available from the [Master Facility Plan 2023](#). The content at the school meetings listed below will focus on school boundary and student assignment-related challenges specific to the school or school communities. Members of the public may provide feedback and testimony about potential solutions including the establishment or modification of school attendance zone boundaries. In addition to these school-specific meetings that are open to everyone, there will be three final citywide town halls in December. For more information about the final citywide town halls, [visit the town hall page of the DME website](#).

- Bancroft Elementary School
  - Both meetings will cover the same content. View the meeting flyer: [English](#) [Spanish](#)
  - Tuesday, November 7 at 6 p.m. - 7 p.m. (Spanish facilitation): [Register to join this virtual meeting](#)
  - Wednesday, November 8 at 6 p.m. - 7 p.m. (English facilitation) [Register to join this virtual meeting](#)
- Additional school meetings will be listed here as they are scheduled.
